

## AMUSEMENTS

## BUTLER THEATER

The feature at the Butler this evening is a five reel Selig production, "The Country That God Forgot," with Tom Santisi, the man who so ably portrayed the character of McNamara in "The Spoilers." A dreary waste of cactus and sagebrush, a burning sun, a great loneliness, a vast space of—God! what a place to confine a woman. Yet here in this desert waste pretty "Bud," wife of the big, dashing miner who daily toils to increase the hoard with which he expects to take her back to "God's country," exists. Then comes the other man and into the picture scenes of ravishing beauty as narrated by the newcomer and scenes of old time dance halls, of cowboy stunts, the most unique fight ever staged. There has never been a western story like it. The preliminary reel is Pathé News with all the current events. Tomorrow, Napoleon and Sally, the educated Chimp, and Emmy Wehlen, the musical comedy queen, in "The Pretenders."

## SUFFERING OF A BURRO

A little burro is wandering around the garbage dump with a tin can attached to one hoof from which he has not been able to extricate himself. The efforts of the animal to get rid of the can only brought more suffering by slashing the hoof and leg until it became a mass of bleeding sores. Ben Hendricks, the garbage man, made several attempts to catch the burro to release him from his troubles, but failed. He suggests that the owner would have better success.

## PERSONAL

DAN ROBB was a passenger for Reno this morning.

C. L. WORK left this morning for Santa Monica, called by the illness of his daughter.

WILLIAM CAMPBELL, the mining man, was a passenger in last night's stage from Ely.

A. F. GEGAN, representing the Hercules Powder company, arrived from San Francisco this morning.

LEO HARRINGTON has gone to Reno on an important copper deal in Plumas county, California, and will continue on to the mines.

MRS. N. JOHNSON, Earl Warmph, Gus Bowden and Travis Walsh came in from Belmont last night and departed today for Sacramento.

FRED. CATTS, superintendent of transmission lines of the Nevada-California Power company, came in this morning from Rhyolite and continued on by auto to Bishop.

M. J. CONOVER, consulting engineer for the Tonopah Extension, has returned to the coast after three weeks in Tonopah. He was accompanied by Mrs. Conover.

MRS. J. W. WENGER, mother of Mrs. T. A. Frazier, was an arrival this morning from Cairo, Ill. She will visit with her daughter and son-in-law for a couple of weeks.

LEE COCHRANE, representing the Braun-Knecht-Heiman company, the largest distributors of chemicals in the United States, is registered at the Mizpah.

## IF YOU HAVE ENGINE TROUBLE, READ THIS

When the ignition system of an engine depends upon a battery, the possibility of trouble is evident—so much else depends on that battery, too.

Ignition should be alone, independent of all other units; it should be produced by a good magneto which performs no other function than producing reliable and efficient ignition. When you have magneto ignition, then and only then can you be free of puzzling ignition worries and starting difficulties.

Special Bosch Attachments for the installation of the reliable Bosch Magneto to replace ignition systems depending upon batteries or dynamos are now available.

Brackets for installing Bosch Magneto on Ford and Hupmobile cars carried in stock.

## GERMANS TAKE FRENCH POST

(By Associated Press.)  
BERLIN, Dec. 7.—On Verdun front the Germans entered the French trenches and captured the summit of hill 304. Teutons captured the Russians positions west of Lutsk, in Volhynia. They also repulsed five

## THREE MILLION ACRES OF LAND TAKEN UP DURING PAST YEAR

(By Associated Press.)  
WASHINGTON, Dec. 7.—Public lands in the United States are being taken up by homesteaders in rapidly increasing quantities, as shown in the annual report of Secretary of the Interior Lane made public today. Twenty million acres were claimed by private owners in the year ending with June 30, as against seventeen millions for each of the preceding two years, and a still smaller average for previous years.

Of the two hundred and fifty million acres of public land still left in the United States much is in the arid region. The reclamation service carried on construction work on 24 irrigation projects, completing ten and adding 5000 farms to territory for which irrigation water is available. Irrigation water is actually

## CARPENTIER HAS NOT RECEIVED LEAVE OF ABSENCE FROM ARMY

(By Associated Press.)  
PARIS, Dec. 7.—The personal desire of Georges Carpentier, the French aviator and champion heavy-weight pugilist of Europe, is to remain with the French flying corps at the front, a desire he expressed each time an offer from the United States to arrange a bout for him has been received. The report that he has been given a furlough for a match in New York with Jess Willard is at least premature.

From the reports received here it appears that Carpentier by boxing in the United States could contribute appreciably to the war relief funds, and his manager, Francois Descamps, told the Associated Press that Carpentier might go there provided he received permission. Thus far, however, no definite proposition for a bout between Carpentier and Willard has been received here. Miss Elizabeth Marbury, who is prominently connected with French war relief

## FOUR YEARS TO BUILD CRUISERS WHICH WILL COST \$16,000,000 EACH

(By Associated Press.)  
WASHINGTON, Dec. 7.—Four American shipbuilders have submitted proposals to the navy department for the construction of the four 35-knot battle cruisers. The bidders were the Newport News Shipbuilding and Drydock company, the Union Iron works of San Francisco, the Fore River Shipbuilding company of Quincy, Mass., and William Cramp & Sons of Philadelphia.

Since there were no direct proposals under the limitation of \$16,500,000, department officials began at once an examination of the cost and percentage offers with the expectation of working out a uniform agreement under which each bidder will

## NEARING CRISIS

(Continued from Page 1.)  
under consideration at an election, Mr. Bryan proposed the publication of a government bulletin with space divided among political parties according to voting strength.

"The election has shown us the clumsiness of our electoral college and the dangers which attend that means of election," he said. "While the party electors are all pledged to the same candidate, the vote which they receive sometimes varies a little according to the popularity or unpopularity of the elector himself. Some plan should be devised by which the voters can vote directly for the president."

"Another reform for which it seems to me we are now ready is a change in the constitution making it more easily amendable. It is now necessary to have concurrence of two-thirds of both houses and three-fourths of the states to secure an amendment. That is an unfair burden to place upon the progressive element of the country. I venture to suggest that the rule of the people would be made more secure by a constitutional amendment permitting a change in our organic law when a majority of both houses in two successive congresses submit an amendment and that amendment is ratified by a majority of the states, provided the amendment also receives a majority of all the votes cast on that proposition in all the states."

"I have saved for the last the reform which will involve the fiercest contest and which will bring the largest benefit, namely, abolition of the saloon."

"The Democratic party having won without the aid of the wet cities and having received the support of nearly all the prohibition states, and states in which women vote, is released from any obligation to the liquor traffic. It is free to take the moral side of this great moral issue, and I have no doubt that it will live up to its opportunities and obligations."

## GERMAN CREDIT

(Continued from Page 1.)  
man defenses in the Trossus valley, but here were held from further advance. North of the Oltuz pass and southeast of Kozli Varashely, the Austro-Germans took positions from the Russians.

Additional fortified heights northwest of Budimirtsa, in Serbia, have been captured by the Serbs from the Bulgarians and Germans, according to Saloniki, while the Bulgarians are reported by Berlin to have expelled the Serbs from positions near Gradchnitz. A heavy bombardment is in progress north of Monastir.

## INCREASED ENGLISH SUPPLY OF FOOD

(By Associated Press.)  
LONDON, Dec. 7.—In order better to secure food supplies, King George has signed an order in council empowering the board of agriculture to take over unoccupied or occupied land for the purposes of cultivation.

## MISSING FROM BRIDGEPORT SINCE FIRST OF DECEMBER

J. J. Walsh, who has acted for 25 years as public administrator of Mono county, Cal., is reported missing and his friends are anxious to learn something of his whereabouts. The old gentleman, who is past eighty, left home on the first for Los Angeles, but has not reached his destination. Friends in Tonopah say they have not seen him here. Sheriff Dolan wired Chief of Police Evans today asking him to institute a search.

## VOTERS, ATTENTION

The saloon and gambling element insist that their business is necessary because of the revenue derived. Let us resent the claim that we must take them into partnership to run the county and local governments and pay them enormous rewards for their alleged services. Sign the initiative petitions at Richards building, above the Butler, and eradicate the whiskey, gambling and easy divorce evils in our state.  
Adv. D-73t H. R. COOKE

## COFFIN LOWERED IN FLORAL GRAVE

## FUNERAL OF OLD MEMBER OF TONOPAH ELKS HELD THIS MORNING

The remains of the late James M. Cleary were buried this morning in the Elks' plot of the local cemetery, where the coffin was lowered into a grave lined with evergreens and smilax. The funeral occurred at 10 o'clock from the Catholic church, solemn requiem high mass being celebrated by Father Diss. The floral display was one of the finest seen in the camp and the attendance testified to the universal esteem in which deceased was held. The pallbearers were W. J. Douglass, James J. McQuillan, Arthur H. Keenan, George Murphy, Thomas Mulcare and J. E. McNamara. The funeral had been deferred until this morning to allow for the arrival of Mr. Cleary's mother, who was coming from Butte, Mont. The casket was covered with a profusion of choice cut flowers.

## CASH MEAT MARKET OPENS WITH BISHOP KILLED BEEF

May's cash market will be opened by Saturday with a full line of fresh and smoked meats that will tempt the appetite and help out the pocketbook. The meats are all killed in Bishop and brought here direct, so there is no loss through several middlemen. Mr. May, the manager, was the first meat man in Tonopah, before a single frame shack was built. The cash store is directly opposite the Elks' club on Main street. The May store, by selling for cash, will give the buyer the benefit of the saving or losses from bad debts.  
Adv. D-71t

## AUDITING COUNTY BOOKS

E. Edwin Oyster of the accounting firm of Oyster & Old of Oakland arrived this morning for the purpose of making an audit of the county books for the grand jury and recommending changes to increase efficiency of the several departments. James E. Old, the other member of the firm, will arrive tomorrow.

## GOLDFIELD PROMOTER IS ACQUIRED IN WINNEMUCCA

H. H. Dunbar, who is the chief promoter of a gas plant for Goldfield, was acquired by a jury at Winnemucca, where he was tried for obtaining money under false pretences. His counsel was Augustus Tilden. Three other indictments remain to be heard, but the first action will probably govern the others.

## MATERIAL FOR ORIZABA

John O'Keefe came over from Goldfield last evening with a heavy load of mine supplies and material for the Orizaba, which company is installing a heavy equipment.
